

Tuesday November 25, 1879.

The school in the new town now under the efficient management of Mr. McKernan is doing splendidly. At last accounts there were something over 40 pupils in constant attendance.

A Mexican belonging to a company of acrobats recently stabbed a woman at Los Lunas. He is in jail and if the woman dies it is thought he will be compelled to add a tight rope performance to his knife feat. Sending men out by the "fast" line is the favorite method just now.

A young man, writes to know if it is proper to take hold of a young lady's arm in promenading. Certainly it is. Nothing looks so nice as to see a tall youth walking with a little lady who comes not up to his shoulder, with his arm hooked into hers, lifting her half off her feet every time he steps. The nearer you can reach the appearance of taking a lady into custody, like a policeman, the more genteel it is, you know.

Three or four good men, pastors of Massachusetts churches preferred, are wanted immediately to go down to the Grand River divide and talk pleasantly to the Ute Indians about the pleasures of peace and the tranquil enjoyments of domestic life. Good salary and short hours. Wood's Excelsior Hair Restorative for sale at this office in pints and quarts.

If you want good, home manufactured, fancy candles, to eat, to sell at retail, or for parties, or weddings, go to Child's, for the very best and freshest candles are made and kept there.
